**SFL Companies Named to the 2020 *Food Logistics Champions: Rock Star of the Supply Chain***

Rochester, Michigan – March 24, 2020 – SFL Companies, a full-service supply chain management and logistics firm focused on technology driven freight management, was named a **2020 Rock Star of the Supply Chain** by *Food Logistics*, the only publication exclusively dedicated to covering the movement of product through the global food supply chain.

The *Food Logistics Champions: Rock Stars of the Supply Chain* recognizes influential individuals in our industry whose achievements, hard work, and vision have shaped and attained milestones in safety, efficiency, productivity, and innovation through the global food supply chain. From early pioneers and entrepreneur to nonconformist thinkers and executive standouts, this award aims to honor these leaders and their contributions to our industry.

“The 2020 Food Logistics Champions: Rock Stars of the Supply Chain exhibits the true rock stars of the industry, those that go the extra mile, so to speak, to ensure their company’s supply chains are being operated in an efficient, safe and transparent manner,” says Marina Mayer, editor-in-chief of Food Logistics. “These professionals are a true example as to why today’s food and beverage supply chains are in position to curtail tomorrow’s consumers’ demands, and why today’s youth should consider the supply chain and logistics industry as possible path of employment.”

Recipients of this year’s 2020 *Food Logistics Champions: Rock Stars of the Supply Chain* award will be profiled in the March 2020 issue of Food Logistics, as well as online at [www.foodlogistics.com](http://www.foodlogistics.com).
